

Le Pan's Tablet wins Favorable Reviews

Los Angeles, August 3, 2011

Le Pan's tablet sales at major online stores at Amazon, tigerdirect, newegg enters 3rd. month. Le Pan wins with most 4, or 5 stars from reviewers at online stores.

Though Le Pan is a new comer in tablet makers, the easy use and high quality win the hearts of buyers. The tablet's beautiful display, responsive multi-touch screen, fast processor speed & variety of choices of applications are given high marks. "Solid built", "affordable", "crispy, sharp display", "long battery life", just a part of few examples of words used to describe Le Pan Tablet from buyers. For only entering the U. S. market for a short period, Le Pan received much favourable reviews from customers to prove company's determination to adhere its "nothing but the best"

principle.

More detailed product review is given by product expert as well. At reviewthetech.com, Mr. Kristofer Brozio gives thorough testing on Le Pan Tablet's most of functions and features and he. The reviewer posts product technical specifications, product photo, accessories, gives operational tips on OS, test run on setting up, internet browsing, video, gaming, GPS, Bluetooth and battery life. And he also gives out technical bench mark testing results as well. For people who 'd like to learn more about Le Pan Tablet, they can learn more from the review and the review helps them to determine if Le Pan Tablet is the right one for them. Mr. Kristofer Brozio has tested Motorola Xoom and Samsung Galaxy tablets. He gives "much better overall" remarks to Le Pan over other two tablets.
